CODE SECTION: Administrative Policy and Procedure

TOPIC: Homeowner address verification (proof of residency) for owner builder permit.

PURPOSE/REASON: Procedure to follow when the address provided by applicant on the permit application differs from the applicant's driver license.

INTERPRETATION: In the case where an applicant's driver's license does not match the address for permitting, the applicant will be asked to provide proof that the address is their primary residence. Examples include a power or water bill. They can also provide closing docs if the parcel is not in their name. If the primary residence cannot be confirmed a permit can still be issued with a copy of a signed NEVADA STATE CONTRACTORS' BOARD form forwarded to the NSCB informing them that the status of the applicant as an owner builder is in question.
